A MONISH

Coimbatore, Tamil Nadu - India | +91 8489825071 | monishanand2024@gmail.com| Linkedin | Monish A

OBJECTIVE

Recent MCA graduate with a foundation in computer applications and hands-on project experience, eager to contribute to technology-driven initiatives. Seeking an entry-level IT role to transform technical knowledge into practical solutions, learn industry best practices, and grow into a skilled IT professional.

EDUCATION

- **KGiSL Institute of Information Management** September 2023 - April 2025

  Master of Computer Application Coimbatore, Tamilnadu

  CGPA: 8.2

- **DR G R Damodaran college of science** September 2020 - May 2023

  Bachelor of Computer Science Coimbatore, Tamilnadu

  CGPA: 8.06

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, JavaScript
- **Databases:** MYSQL
- **Cloud:** AWS
- **Documentation:** MS Excel
- **Framework:** Flask

EXPERIENCE

Teachnook Jan 2025 – April 2025

Cloud Intern Remote

- Gained practical exposure to cloud computing concepts, AWS services, cloud storage, and resource management.
- Explored cloud security fundamentals, access control practices, and secure management of cloud resources.
- Applied technical concepts through hands-on exercises and project development while developing problem-solving, troubleshooting, and technical learning skills.

PROJECTS

- ### IMAGE LABEL GENERATOR USING AMAZON REKOGNITION

  Developed a web-based application to automatically identify objects in uploaded images using Amazon Rekognition. Integrated Amazon S3 for secure cloud storage of uploaded images. Used Python Flask to handle image uploads, process requests, and display analysis results. Implemented object detection using Amazon Rekognition and displayed detected labels with confidence scores.

- ### SECURELOG – LOG MONITORING DASHBOARD

  Developed a web-based dashboard to manage and monitor application logs. Implemented features to view log severity levels and track open and resolved issues. Integrated a database to store and retrieve log information. Designed a dashboard with interactive status indicators and weekly trend charts to improve log monitoring.

CERTIFICATION

- CISCO – CCNA Introduction to Networks.
- Express Way to Data Science: Python Programming
- Programming in Java - NPTEL.
